Why Join The NITA Movement

NITA.ONE

Representation (Free "Join") Allows People To See Demonstration Of A Movement, But Also Question What Such Demonstration Is. We Want REAL Life-Long Change. SHARE!

The Simple Promotion Of Question, Conversation And Thought Will Help Innovate Society (Critical Thinking, Challenging Mainstream, Creating Common Sense); This IS The End Goal. Setting Example For World & Generations.

The Reason Why Nature Is The Answer (Promotion Of The Intended/Lost/Truth/Present):

Denaturing Of Our World, Great Healing Power Of Nature, Simplicity Of Nature, Natural Law Being Violated, We Can Understand Behavior & Consequences To Actions, We Can Be More At Peace With Simplicity & Fulfilling Simple Needs Of Nature, We Can Create Real Change Based On Indisputable Universal Eternal Innate Truth, Lessening Government Demands & Implications, Promote Ability To Do As Born Or Intended, Upheld Human & Natural Rights

Nature Means: Innate And/Or God And/Or World And/Or Universe And/Or Intended/Righteous

Natural Law: Inherent Conditions (Cannot Be Changed, Not Created By Humankind)

Despite There Being Many Conditions; The **"Message As Mission, Mission As Message"** Keeps This Quite Simple:

Seeking Truth, Doing What's Right = Striving/Working Representation of Truth = The NITA Movement

Imagine what we can do if we bring the minds and hearts of many together, and know how to use it. This movement offers a binding message to those who want to do good and want to know how to keep & share such good… NITA
